NATALIA TRETIAKOVA

FULLSTACK DEVELOPER

Astana, Kazakhstan | tretiakowa2212@gmail.com | +7 705 152 4176
LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Fullstack Developer with 4 years of experience in commercial development using React.js, Vue.js, TypeScript, and Next.js on the frontend, and Python/FastAPI/PostgreSQL on the backend. Developed web applications for 2,000+ active users and high-performance websites with loading times under 2 seconds. Experienced in building large-scale applications and developing responsive, optimized websites. Looking to join a product or agency team. Open to on-site roles in Astana, remote work worldwide, or relocation.

WORK EXPERIENCE

Fullstack Developer

AlexFronEnd, Astana, Kazakhstan **September 2022 – July 2026**

Global digital agency providing custom web development solutions across Europe and North America.

- Developed a React and TypeScript merchant transaction dashboard featuring server-side pagination and filtering for tables with over 10,000 records (TanStack Query), a role-based access control system (admin/user), and a redirect rule builder with conditional validation (React Hook Form, Zod). Implemented a multilingual interface (i18n) supporting 2 languages.
- Built a high-performance marketing website for an oil and gas platform using React/Next.js, TypeScript, and a headless CMS, achieving a load time of under 2 seconds. Integrated ARIA attributes and semantic markup to comply with accessibility standards (a11y).
- Developed a Vue.js and Quasar web application for 2,000+ active users, implementing features such as user data visualization via tables and tree views, a custom Notion-style editor, a multi-step script compatibility verification flow, a role-based access system, and advanced data visualization dashboards. Covered components with unit tests using Vitest.
- Built an MVP of an app for musicians (Vue 3, Quasar, TypeScript, FastAPI, PostgreSQL). Implemented the frontend (composition editor, gallery, playback with metronome) and the backend on Python/FastAPI/PostgreSQL with JWT authentication.
- Collaborated in cross-functional teams within an Agile (Scrum) environment, contributing to the full software development lifecycle (SDLC) and ensuring successful project delivery.

EDUCATION

Specialist degree in Electrical Engineering (incomplete) 2022

Obninsk institute for nuclear power engineering

SKILLS

- **Languages & core**: JavaScript, TypeScript, HTML, CSS, Python.
- **Frameworks & libraries**: React.js, Next.js, Vue.js, Quasar, Chakra UI, shadcn/ui, Tailwind, SCSS, Editor.js, D3.js, Vitest, FastAPI.

- **State & data**: Pinia, Zustand, Redux, TanStack Query (React Query), REST API, PostgreSQL, Supabase.
- **Tooling**: Git/GitHub, Vite, npm, Figma.
- **AI tools**: GitHub Copilot, Claude.

Languages

- **Russian**: Native.
- **English**: C1 (Fluent).
